Company Introduction

3uview is a national high-tech enterprise with over a decade of experience, 3uview mainly focus on LED/LCD mobile intelligent displays terminal.

3UVIEW

SMART VEHICLE DISPLAY

Founded in 2013, 3uview is located in Fuyong, an industrial town in the west of Shenzhen. It is a high-tech mobile smart LED display manufacturer, mainly focusing on LED/OLED mobile smart display terminals, suitable for various mobile vehicles, hotels, shopping malls and other high-end places.

3uview is committed to creating an intelligent mobile smart display ecosystem.

Provide mobile IoT display devices for global customers.

Adhering to the "craftsman spirit, excellence, and pursuit of excellent quality", create interconnection for mobile advertising and let your brand spread all over the world.

Workshops for SMT, Assembly, Aging test, Packaging etc, with total floor area more than **2000 square** meters.

26 sets of Panasonic SMT machines, capable of **30000+** monthly production.

Annual production of intelligent mobile screens is above **80000 sets**.

IATF16949 Certification

3uview is The first company in China to be certified to IATF 16949 international vehicle standard system.

3UVIEW

SMART VEHICLE DISPLAY

National Hi-tech Corporations Certificate
ISO9001 System Certification
14001 Environmental System Certification
And 3C, CE, FCC

PART/02

Products & Cooperation

Our transparent OLED display offers vibrant colors, high resolution, wide viewing angles, and versatile installation, ideal for retail and exhibitions.

Product description

3UVIEW
SMART VEHICLE DISPLAY

OLED Transparent Screen

Our transparent OLED display revolutionizes visual experiences with its near-invisible transparency when off, vibrant colors, and high resolution.

Ideal for space-limited areas, it supports both floor and ceiling installations.

The wide viewing angle ensures optimal visibility from any position. User-friendly interfaces and versatile connectivity options make content management seamless. Perfect for retail, office, and exhibition spaces, it enhances aesthetics while providing an immersive visual experience.

OLED Mobile Robot

- OLED self-luminous technology, rich and gorgeous color performance
- Transparent light, perfect picture quality display.
- Ultra-high contrast, ultra-high picture layering, pure black, bright and colorful.
- Super-fast refresh rate, no picture delay, healthy eye protection
- AI digital human interaction, more technological.
- Automatic trajectory setting walking, convenient for more application scenarios.
- Intelligent obstacle avoidance, automatic detour, all-round perception of the surrounding environment.
- Support capacitive touch to achieve human-computer interaction.

Product advantages

3UVIEW
SMART VEHICLE DISPLAY

OLED Transparent Screen High Definition Vision

- OLED self-luminous technology, double-sided display
- Ultra-high contrast, ultra-high picture layering, pure black, bright and colorful
- Level-speed refresh rate, no picture delay
- No backlight, no light leakage
- Support 178° ultra-wide viewing angle
- Slim body design, double-sided hanging display

Oled Beauty Display Cabinet

- 55-inch large-size OLED transparent display display
- Ultra-high contrast, ultra-high picture layering, pure black, bright and colorful
- Touch screen interactive mode to enhance the display effect of products
- OLED transparent screen technology to show the grade of fashion and beauty products
- Solid wood frame to make the overall feeling more noble

Product advantages

3UVIEW
SMART VEHICLE DISPLAY

OLED Transparent Screen Modern Design

- 30-inch OLED transparent display display
- Ultra-high contrast, ultra-high picture layering
- Touch screen interactive mode to enhance the display effect of the product
- 160° arc design to make the OLED screen more linear
- Aluminum alloy frame, used in various coffee shops, shopping malls and other places

Product advantages

3UVIEW
SMART VEHICLE DISPLAY

OLED Transparent Screen Jewelry Sales Display

- 55-inch OLED transparent display display
- Ultra-high contrast, ultra-high picture layering
- Touch screen interactive mode to enhance the display effect of products
- Perspective OED display technology to make jewelry more noble
- Transparent glass base, used in various jewelry displays, shopping malls and other places

Product advantages

3UVIEW
SMART VEHICLE DISPLAY

OLED Transparent Screen Real Estate Sales Hall

- 55-inch OLED transparent display screen display
- Ultra-high contrast, ultra-high picture layering
- Touch screen interactive mode, enhance product display effect
- 160° arc design, make OLED screen more linear
- Aluminum alloy frame, used in various high-end places such as real estate sales

Product advantages

3UVIEW
SMART VEHICLE DISPLAY

OLED Transparent Screen Bicycle Sales Display

- 110-inch large-size OLED transparent display
- Ultra-high contrast, ultra-high picture layering
- Touchscreen interactive mode enhances product display effect
- Transparent OLED display technology introduction, reflecting the technological sense of the product
- Metal frame base, used in bicycle display, various product displays in shopping malls

Product advantages

3UVIEW
SMART VEHICLE DISPLAY

OLED Transparent Screen Museum Display

- 55-inch large-size OLED transparent display display
- Ultra-high contrast, ultra-high picture layering
- Touch-screen interactive mode to enhance product display
- Ultra-clear display of the era and details of cultural relics
- Multiple installation methods, used in museums and other cultural relics display

Product Parameters

3UVIEW
SMART VEHICLE DISPLAY

Size	30 inches (Desktop Style)	55 inches (Floor Style / Hoisting Style / Lifting Style / Recline Style)
Type	OLED Panel Technology	OLED Panel Technology
Transmittance	40%	40%
Dynamic Contrast	150000:1	150000:1
Proportion	16:9	16:9
Resolution	1280*760	1920*1080
Viewing Angle	178°(up, down, left, right)	178°(up, down, left, right)
Brightness	350/135nit	150-400nit
Number of Pixels(HxVx3)	921600	6220800
Color Gamut	108%	108%
Life(typical value)	30000H	30000H
Panel Size	699.35*1221.5*(mm)	699.35*1221.5*(mm) / 1221.5*699.35(mm)
Overall Size	765.5*1778.8(mm)	765.5*1778.8(mm) / 1274.6*1408(mm)
Typical Value	190W	190W
DPM	3W	3W

Power Supply: AC100-240V 50/60Hz, **Environment:** 0-40 ° Humidity 10%-80% , **Shutdown:** 0.5W, **Touch:** None/Capacitance (optional)

PART/03

Application Scenario

Ideal for space-limited areas,
it supports both floor and ceiling installations.

Application Cases

3UVIEW
SMART VEHICLE DISPLAY

- 55 inches OLED Flexible Screen

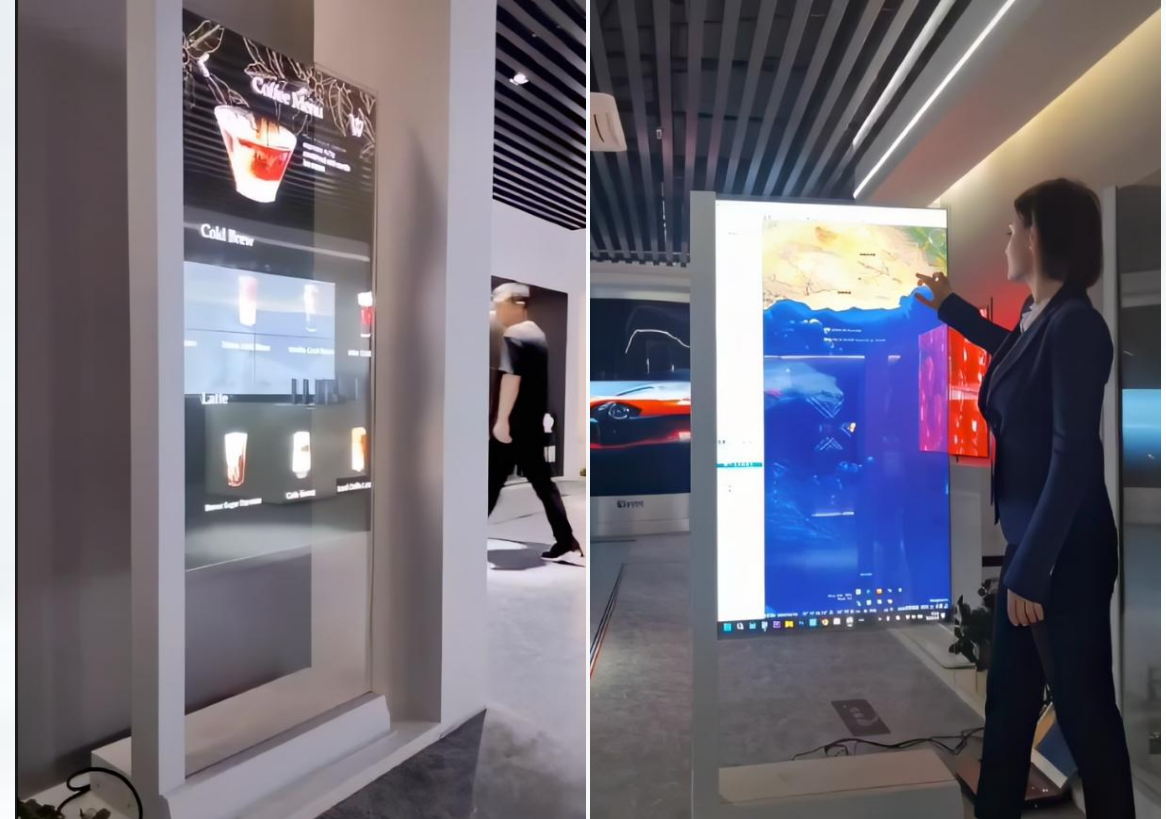

- OLED display display cabinet for beauty products

Application Cases

3UVIEW
SMART VEHICLE DISPLAY

- 30-inch OLED computer display

- 55-inch large-size transparent OLED display display

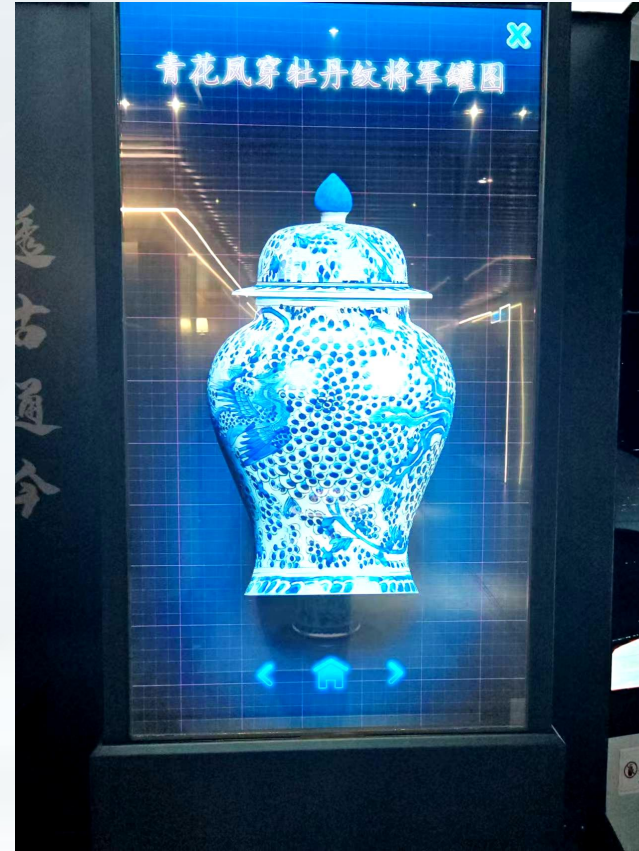

● 30-inch OLED display - coffee shop

● 110-inch OLED display - bicycle display

● 55-inch OLED display - Refrigerator

● 110-inch OLED display - Museum

● 55-inch large-size transparent OLED display- cake house

● 55-inch large-size transparent OLED display - subway

● Large-size OLED splicing screen-conference room

● 55-inch OLED transparent screen

Look forward to working with you
